Everyone at Port School are so wonderful and caring. My son has done so well after so many difficult years. Thank you 🙏

My son for the first time in 2 years had happily attended everyday bar one. Complete turnaround from Freo College. I cannot praise the efforts of Tom Lee , Dennis and now Joshua enough!! You guys go far and beyond for these kids and I think anyone at this school should consider themselves very fortunate. Thankyou .

I LOVE Port and am very grateful for all the support offered to our family. Thank you. Especially to Belinda for her unwavering support and understanding of our family dynamics and challenges we face.

Very happy with Port school and staff.

Love the school support for students & parents.

I'm very happy that my daughter is a student of Port. She is developing the confidence that was stripped of her from her previous school environment. I don't know what we'll do in 2021 when it's time for her to leave.

Great school, that knows how to bring out the best in their students.

I am very happy with the teachers and staff at Port. They have been amazing to both my daughter and also her father and I.

---

I am forever in your debt with regards to the educational support and pastoral care my son has received from the school. You guys never gave up on him and have been a contributing factor towards increasing his confidence, self esteem and pointing him in the right direction especially with regards to his new found passion of becoming a qualified landscaper. You guys rock!

I appreciate all your efforts to help my child achieve her best... unfortunately she hasn't realised her own worth just yet.

Port School is a great support to our son and family.

Port school is well resourced, both structurally, and personally. All the staff I have met are passionate and caring, with genuine focus on the kids wellbeing and development. You're an asset to this community.

We've only been at Port this year, in middle school, so don't have a complete picture of what is offered in the senior years.
